

WEBSITE DESIGN COMMITTEE

The Website Design Committee is responsible for sending necessary information and updates to the webmaster, Steve Haller at support@onlinetransition.com. They will also make design changes from time to time.

Show information should be kept up-to-date. As soon as one show is over, the site should be updated for the next show. The committee makes sure that the dealer list is updated as needed, as well as the membership list and the officers and committees list.

Ideally, the four (4) photos on the Slide Show (Home Page) should be changed monthly to freshen the website and hold the visitor's interest. In addition, the "headers" should be replaced often. This requires eight (8) new images or fragments each time.

As of 2010 there are eight (8) pages included in the CSADA site:

HOME
ABOUT US
SHOWS
MEMBERS
EDUCATION
FRIENDS
SPECIAL EVENTS
CONTACT US

All pages regularly need attention regarding events, donations and programs relevant to Chicago Suburban Antiques Dealers Association.
